Direct Loan Processing Cycle

Federal Loan Servicers

As of July 2010, the Department has five federal loan servicers to which we assign new Direct Loans. Our federal loan servicers are:

- **Direct Loan Servicing Center (ACS)**
- **Great Lakes Educational Loan Services, Inc.**
- **Nelnet**
- **FedLoan Servicing (PHEAA)**
- **Sallie Mae**

Successful Repayment

To help ensure a successful repayment experience for the borrower, we have servicers that provide interactive tools, loan calculators and counseling aids for use during all points in the loan life cycle. These tools enable students and parents to access data, information, calculators and customer service representatives.

Our Servicers:

- Servicers comply with legislative regulatory requirements and provide unique services.
- Educate and inform borrowers as to the tools and options available to assist them in the management of their student loans
- Offer multiple repayment options tailored to borrower preferences (i.e. Online payments, ACH, check, etc.)
- Provide self-service tools for borrowers and options for receiving bills and/or correspondence electronically
- Offer dedicated services to schools to help manage cohort default rates

What does this mean for schools?

Do schools need to work with multiple servicers?

→ Yes

Can a school choose a servicer?

→ No

Where do schools find servicer assignment?

→ NSLDS

Can schools provide feedback on servicer performance?

→ Yes – Quarterly customer satisfaction surveys

Servicer Reports

- ❖ Provides greater level of detail
- ❖ Offers customization options
- ❖ Includes only loans serviced by that organization

Source of Centralized Loan Information

- NSLDS
 - Includes Commercial, PUT, DL loans and servicer assignments
 - Updates information if federally-owned loans reassigned to make borrower “whole” or if commercial loans change ownership/servicing

New: Centralized delinquency report available

NSLDS Delinquency Report

- ❖ Provides delinquency information by school for the four additional servicers
- ❖ Includes PUT and Direct Loans held by the four additional servicers
- ❖ Provides various data filters
- ❖ Available on NSLDS Professional Access Web site

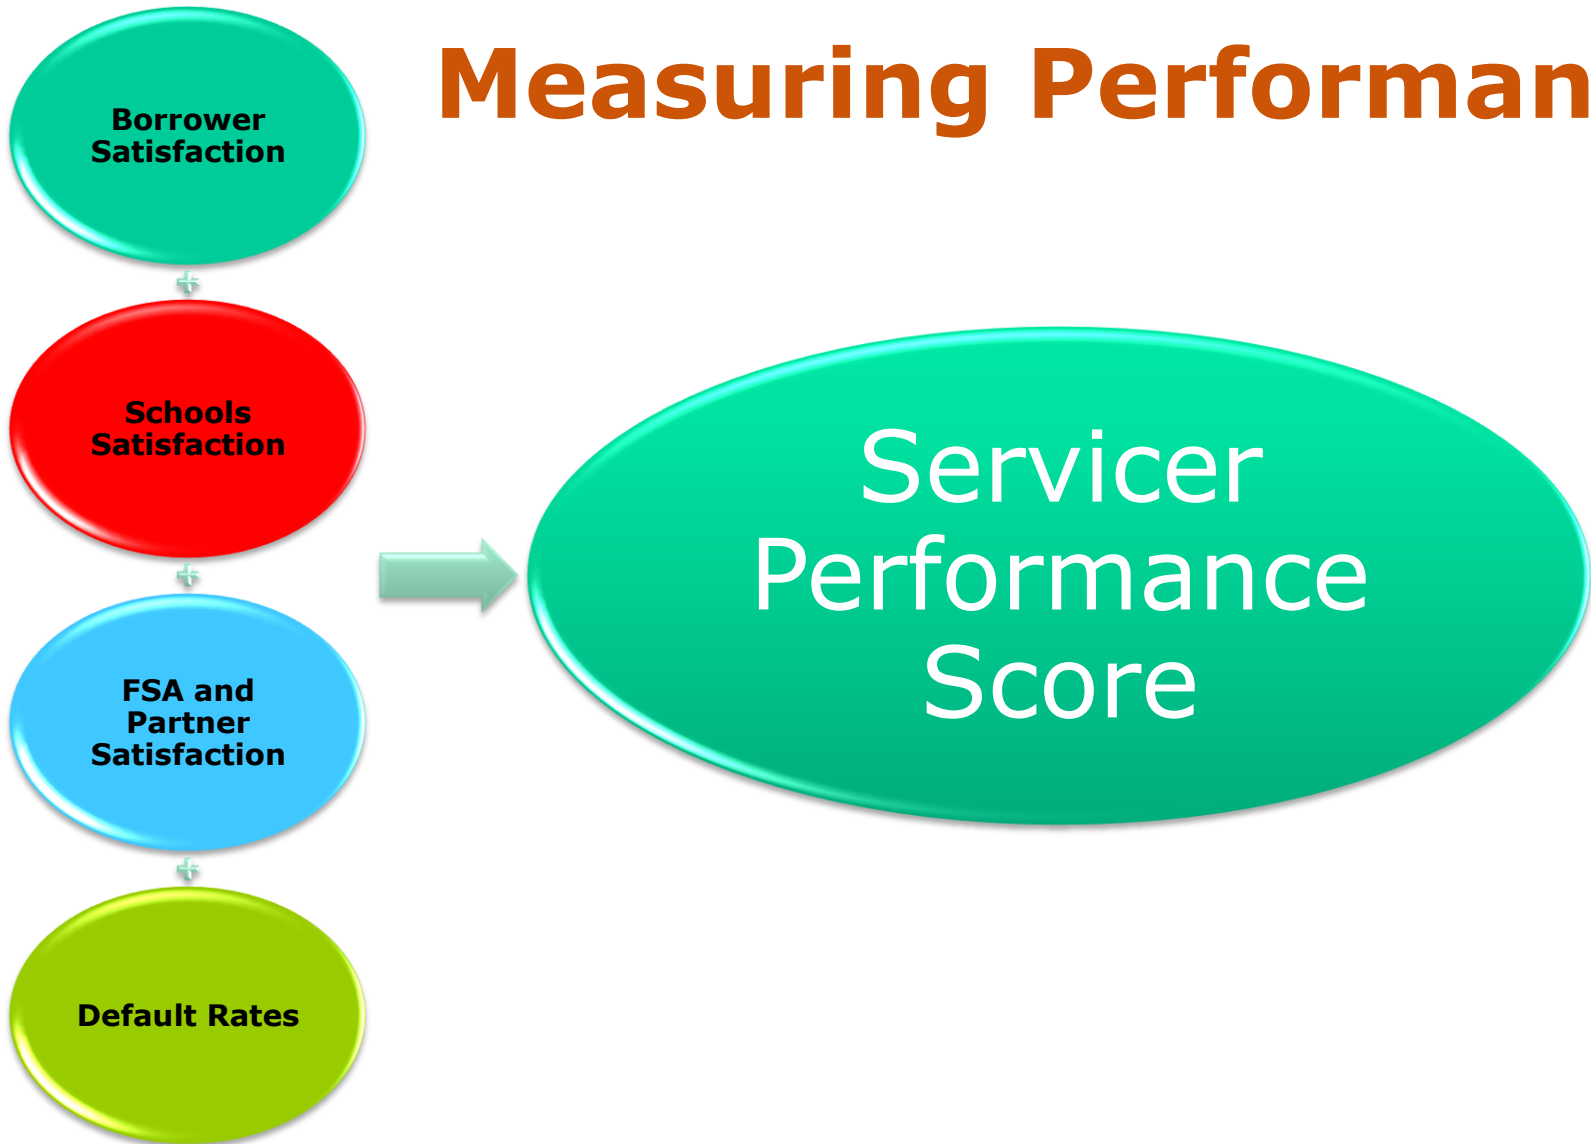

<http://ifap.ed.gov/nsldsmaterials/attachments/NSLDSNewsletter27.pdf>

Split Servicing

- All of a borrower's federally-owned loans will be maintained by a single servicer.
- Federally-owned and commercial loans may still be split among servicers.
- One servicer may hold ED loans and privately owned FFEL loans and will service separately
- Consolidation sometimes viable option, but not in all circumstances.

Measuring Performance

Surveys

- Conducted quarterly by phone
- Schools, borrowers and FSA staff interviewed.
Each quarter, survey reaches:
 - ❖ 250 borrowers per servicer
 - ❖ 75 schools per servicer
- Results, along with servicer default rate, determine future allocations

If survey provider calls

- ❖ Please respond
- ❖ Survey takes 10 minutes or less
- ❖ School only asked about one servicer
- ❖ Base responses only on servicing of PUT and Direct Loan
- ❖ Forward call to colleague at school if your work does not involve federal loans
